JAN. - MAR. 2015

From General Secretary

Shashi B. Sud

Sood Sabha, Chandigarh always remains in fore front in serving the community particularly the Senior citizens, the poor and the downtrodden. During this quarter, our Sabha undertook two activities for the service of our society. The Sabha organized a free Medical check-up camp at Sood Bhawan, Panchkula on 1st March, 2015 and an free Eye check-up camp was organized on 8th March, 2015 at Sood Bhawan, Chandigarh. By arranging, these camps the poor and downtrodden were benefitted the most. This gesture of Sood Sabha was appreciated by one and all.

Further, on behalf of our Editorial Board and the Executive Committee, I sincerely acknowledge and thank all our brethren/ sisters for contributing articles and writeups worth publishing for our magazine 'Sood Sandesh'. Such type of involvement gives sense of awareness, togetherness and bring us more closer. I still request our readers to keep contributing the same to make "Sood Sandesh" more attractive and interesting.

Though our sood community is considered to be very small yet there is no such field where our people have not brought laurels to the Biradari. It will be our endeavour to find out ways to strengthen our Biradari as well as Sood Sabha's at different centers, thereby needing your wholehearted cooperation.

We are fully aware and confident that future generations of Soods too will put their utmost to bring the Sood Biradari as well as Sood Sabha's on more strong footing in the service of Biradari / Community for the times to come.

Word from Chief Guest

I had the honour of being invited to the annual function of SOOD SABHA, Chandigarh on 7th December, 2014 as a Chief Guest. I was very impressed with the enthusiasm, dedication and sense of purpose of the office bearers and the entire community during this event which was attended by nearly one thousand people. Organizations like Sood Sabha are more relevant today, when people are becoming self centered and are losing a connect with the community which is responsible for many social evils. By bringing the Sood community together, periodically Sood Sabha tries to build strong interpersonal bonds and acquaint families with each other across generations. The spontaneous participation in cultural events during the function exhibited great talent and confidence of young children. Young achievers in academics and sports from the community were awarded prizes to encourage them.

Dr. Randhir Sud

While Sood Sabha is engaged in many community centric activities like awarding prizes, scholarships and helping widows in the community, I was much impressed with their initiatives to serve the society at large. Construction of two massive Sood Bhavans in Chandigarh and Panchkula are available to all for short stay and social functions. Emphasis on providing affordable health care through free OPD's and subsidized Physio-Therapy Centre & Pathological Labs are laudable. I must put on record my great appreciation for all these efforts put in by the dynamic team led by Mr. Ashwani Doegar & Mr. Shashi B. Sud and their team who have built on the efforts of successive executive bodies in the past. I am also grateful to Sood Sabha Chandigarh for awarding me "**Sood Ratna**" award during the ceremony.

My suggestion to the Sood Sabha Chandigarh is that they should also focus on sustained educational support to children from the community who can not pursue their dreams for want of money. Educating a child helps the entire family in long term and is the best cost effective charity initiative. Judging from the enthusiasm of the Sood community in Chandigarh and enthusiastic office bearers of Sood Sabha this initiative can easily be implemented.

I convey my best wishes to Shri Ashwani Doegar ji and Sh. Shashi B. Sud ji and their team for all the success in making Sood Sabha, Chandigarh a highly socially relevant organization which others will emulate.

“My Ancestors”

I know not though
My worthy ancestors now,
But I ever realise
Their venerable presence.
Moving around me in fine glow,
Momentum of their benediction
Their silent blessings for me
May never become slow
How can I forget my esteemed ancestors?
A tree without roots,
Finds its existence or survival in peril
Later or sooner to the ground
It will bow
My revered ancestors to me
Are akin to Divinity
Their respect in my eyes
Will never go low
The bond with my glorious ancestors
Will never break
However strong the winds may blow.

TRUST - BE YOU

The world is fake, it is true,
Trust yourself, just be 'You'.
Eyes and Donors come and go,
Be strong and shed your ego.
Whenever you feel there isn't any ray of
hope,
Design yourself, such that you can be on
the top.
The world will try to shatter you,
Recollect yourself, just be 'You'.
Neither do wrong, nor be unfair,
Your character should be crystal clear.
Aims firm, and a focused mind,
Will present you in a none such kind.
The world will hate you,
Love everyone, just be 'You'.
Have trust in God,
He will bring you out through all odd.
He will be your guide and teacher,
After all he is the creator of nature.
The world will make you forget him,

Never commit this mistake, just be 'You'
Only you can help yourself,
No support will be provided by any damn
if.
Do what your heart says,
It is right in every case.
The world will break your heart,
Join it again, just be 'You'.
Be such that you'll be answerable to Him
one day.
Heaven and Hell exist they say.
The world will always mislead you,
Do what is right, just be 'You'
The meaning is deep, less words to
explain,
Change is just like a chain.
Starts at home and everywhere it
spreads,
Plant it deep in heart of yours,
just be you, of course!!

A solution to remove Stress

In the modern era of science and technology, people tend to forget one thing, that it is the man who works, operates or controls the machine and not vice versa. However, we do not take notice of this in our life. We have become over dependent on machines.

We are using machines and gadgets to such an extent, that without these we become restless and start feeling as if we are missing something in our lives. For instance, if for a day, you don't have a mobile phone to use, or if we are unable to view our favourite programs on television we feel restless and if while viewing TV, its remote control is misplaced.

Subhash Sood
Sood Sabha Shimla

In this busy life, we have been caught unaware and we have started working like a machine. Life has become so mechanical that we feel stressed in life. The machine turned man, starts behaving in such a way as if he has no concern for surroundings, friends and relatives.

Now the question arises, what should we do, not to become like a machine. To be successful and to remain connected to all emotionally and sentimentally, one should develop the habit of being contented in life. Once we develop the art of contentment, we shall notice a remarkable change in ourselves. We feel mentally satisfied being linked, connected or attached with those whom you come across in your life, without a consideration of anything in return.

Being contented or satisfied, one becomes mature in thinking. It is observed that presently, there are strained relations between husband and wife, brothers have become competitive with each other and there is no more warmth in relations. Even it has become a tradition amongst the relatives, to outdo each other, in every sphere of life. Life has become a show biz. As a result, we feel stressed in life.

To overcome all this, one has to sincerely develop the habit of being contented and satisfied in life. This will not be possible by our efforts alone. We have to seek the help of a divine power. One has to link oneself with God. When we are able to do so, we start believing in the existence of a controlling power, who is responsible for everything we get in life and has a direct or indirect control on whatever we do in life. We have a feeling of contentment and great satisfaction. We rediscover ourselves. We shall then lead a blissful and stress-free life.

May God bless you all!
