

## From General Secretary

45<sup>th</sup> Annual Sood Milan Mela held on 4<sup>th</sup> February, 2007 at Sood Bhawan, Chandigarh was, no doubt, a great success. It has become a regular activity now and the Sabha feels proud in organizing this Get Together. There is a suggestion, however, that we may hold this function sometime in September-October. There are valid reasons for it. Annual exams usually coincide with it hence most of the youngsters keep away. Another reason is that during the winter season, the days are short. There is not sufficient time for all the activities. The Executive Committee discussed this issue in detail and has decided that from next year, this Function will be held in September-October. Let us hope that festival spirit prevailing during these months will add more colour to our Annual Function. We are really indebted to the founder members of the Sabha who started the practice of organizing Sood Mela every year. This single activity has enabled the Sabha to grow to its present stature. It has also brought the Community together.

Mrs. Kanta Saroop Krishen wife of Late Shri Saroop Krishen Sood, ICS, was the Chief Guest. She is the founder Secretary of Blood Bank Society, PGI and has been awarded Padam Shree for her contribution to the noble cause of blood donation. After retirement from the PGI, she has established another Blood Bank Society in association with the Rotary Club, Chandigarh. Along with Shri Rewal Chand Sood of Shimla, Air Commodore Manmohan Sud and his wife Mrs. Sangeeta Sud also graced the occasion as Guests of Honour. We are grateful to these dignitaries for sparing time and participate in the Annual Function of the biradari.

There is a good news. Soods at different places have felt the need to organize Sood Sabhas in their cities/towns. About a couple of months back a Sood Sabha has been formed at Dharamsala with the efforts of Shri Bipan Chand Sood, President, Sarvadeshik Sood Sabha. On 26-4-2007 a delegation from Chandigarh led by Shri Kulwant Rai Sood, President, participated in the first meeting of Sood Biradari at Khanna initiative for which was taken by Dr. J.J. Sood, Dr. Hans Raj Sood and other prominent members of Sood Biradari there. An impressive and entertaining two hour programme was followed by dinner. Mrs. Priya Sood, PCS was the Chief Guest.

Sood Community is known for rendering commendable service to the society. It is in our blood and our past history is a testimony to it. Formation of Sood Sabhas at different places would provide a platform to the community members to do some social work there. If this objective is kept in mind only then the purpose of forming Sood Sabhas would be fulfilled. Sood Sabhas at Chandigarh and Shimla are shining example of it.

## Tributes to Sh. Hardyal Doegar

Shri Hardyal Doegar – a great visionary, well known Philanthropist and a prominent member of the Biradari left for his Heavenly Abode on the fateful day of 19<sup>th</sup> February, 2007 after a brief illness. It is a great loss for Sood Sabha Chandigarh. Shri Doegar was our guide, a source of inspiration and encouraged the Sabha to start social activities at Sood Bhawans for the benefit of the Society. The Sabha had honoured Sh. Doegar with SOOD RATTAN award in the year 2006. Earlier he was the Chief Guest at Annual Sood Mela held in the year 2004.

Shri Hardyal Doegar was the younger brother of Late Shri Jagdish Ram Doegar former President and Patron of the Sabha. He was born on 13<sup>th</sup> August, 1925 at Nagrota Nahan (Kangra). He was married to Smt. Krish daughter of Late Dr. Kirpa Ram Sood. He visited several countries. He was the Chairman of Dr. Kirpa Ram Gayatri Devi Trust and established a Poly Clinic in New Delhi. He was involved in several social activities.

Through his nephew Shri Ashwani Doegar he kept himself informed about the activities of the Sabha. When we opened a Diagnostic Laboratory at Sood Bhawan Chandigarh, he wrote a letter of appreciation and conveyed his best wishes to the Sabha. He regularly sent donation for purchase of medicines for giving free to the needy and also for financial assistance to the poor widows. He had a rare quality to always appreciate the good work and admired members of the Sabha for their selfless efforts. In 2004, he was the Chief Guest at the 42<sup>nd</sup> Annual Sood Milan Mela. He surprised us all with his rare gesture. Instead of allowing himself to be garlanded as per our tradition, he called each member of the Executive Committee on the dias and garlanded them. His philosophy was that those who work hard must be honoured and their contribution should be recognized.

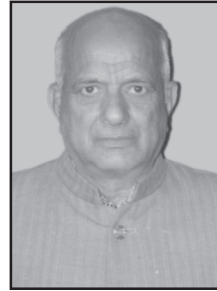

When Shri Doegar fell seriously ill, his son Sh. Deepak and his daughter-in-law Bhavna who held lucrative jobs with the G.E. Finance Co., in the U.S.A. immediately resigned their jobs and came to India to be by the side of their ailing father. He was greatly moved. Just two days before his death, when Sh. Ashwani Doegar went to meet him, he conveyed his feelings which he wished to be recorded so that others may also follow it. He said, *“there are very few children who would sacrifice their high positions for the sake of their old and ailing parents. I have traveled far and wide but have not come across any daughter-in-law who would leave the job to serve her father-in-law – rather many would prevent their husbands to do so. If any one knows such a woman in this world, let me know and I will make it a point to travel to that place to offer my ‘pranam’ to her”*. These thoughts of Sh. Hardyal Doegar reveal his great qualities and the bond he had developed not only with his children but with all those who ever came into his contact.

**In the death of Shri Hardyal Deogar, the Sabha has lost a friend, a guide and an adviser and the Biradari has lost a dynamic personality. We pray to the Almighty to bestow peace to the departed soul.**

# Let us Form Sood Sabhas in all Towns

— *Bipan Chand Sood,*  
*President, Sarvadeshik Sood Sabha*

History of Sarvadeshik Sood Sabha is very old. As per the records available, the first meeting of Sarvadeshik Sood Sabha was held in the year 1881 at Ludhiana. R.B. Mohan Lal Sood, M.L.C. of Garli presided over the second meeting held at Lahore the following year. At regular intervals meetings were held at different places and prominent personalities presided over these meetings. There were Sood Sabhas in almost every important city and town of Northern India. It brought the Biradari together and also ensured that social evils do not creep in the psyche of the Soods. Our Biradari became progressive and liberal and also developed a high sense of service, dignity and duty towards the Society. We are proud of our heritage. No doubt in the recent times due to break down of the joint family system there has been perceptible change in the society which has not only affected the Sood Biradari but almost all the communities. Biradari system also came under pressure. In economy driven growing Society such developments are natural.

However, basically man is a social animal and is in constant search for emotional security, peace and solace. He also seeks recognition in the society. The answer lies in strengthening the biradari system. Therefore, let us make efforts to form Sood Sabhas in all cities and towns. It will not only bring the members closer but it is a platform for rendering service to the Society. Even in a small town where the number of sood families is small if they come closer and from the platform of Sood Sabha start doing social work, they will get recognition in the area. They should start organizing some social activities like medical camps. Eye Donation and Blood Donation Camps, creating awareness against female feticides etc. There is another problem in the Society. In their old age, elders are feeling insecure and ignored. Such broad issues can be best addressed by forming Sood Sabhas.

I am glad in the recent months, Sood Sabhas have been formed at Dharamsala and Khanna. I congratulate the enterprising Sood Families of these cities for taking this step.

## A “Lift” to Heaven

— Bhartendu Sood

It was my first visit to Varanasi, purely because of business reasons. As I was sitting in a shop in busy *Nichhi Bagh*, I was drawn to a spectacle of funeral procession, headed by a local band playing religious tune followed by about six persons having their heads shaved with long flowing *chotis* and wearing white *dhotis* and *banians*. They were chanting “*Ram nam Satya Hai, Hari ka nam Satya hai*”. For a Chandigarhian it was a rare sight. As I was engrossed in thoughts, the din of another funeral procession distracted me and within half an hour I could see seven funeral processions passing by that shop. Aghast and shocked I turned to the owner of the shop and exclaimed “Pandey Ji, Isn’t the death rate terribly high in Varansasi?” He replied, “These dead bodies are not from Varanasi city alone. This cremation ground has a special significance for all Hindus in the vicinity of 50-100 Kms. Every body after his death wants his last rites to be performed there only so that he can go to heaven. This explains this unusual number.”

Being an Arya Samajist for whom superstitious beliefs has no place I was finding it difficult to accept what Pandey Ji had said and no sooner I found him free from customers, I started “But, Pandey Ji. Don’t you think it is all a humbug? I think it is only our good deeds which can lead us to heaven”. Discomfiture on Pandey’s face was quite visible but then I was his valued client. He exercised restraint and then spoke, “Mr. Sood I can always close the debate by saying that it is a matter of faith better not discussed but since I am a Pandit with ‘puranic’ lineage, I will not be at peace with myself if I don’t give you my view point. You will agree that all of us are entrenched neck deep in worldly affairs and have to do all such things for our sustenance which the teachings of our Shastras don’t support. Sometimes we are doing things for our status and ego satisfaction. Under the situation, a balance has to be struck so that while living our lives under these pressures we don’t lose sight of our final goal of salvation. Holy men in all religions have addressed this issue by creating special Cremation grounds, categorizing a few rivers and mountains as holy ones, special occasions and places for dip in such rivers, patronizing shrines and dargahas in difficult terrains and far flung places so that a person takes time to visit these in a spirit of penance to atone for his sins etc. To make you understand better, I give you one example. Suppose you have to reach the twenty fifth floor of a sky scraper having stairs running to the top on one side and a Lift on the other side, what will you opt? Naturally Lift. So, you can say that such famous temples, cemeteries, dargahas, sangams, caves etc, are nothing but Lifts to a much cherished heaven for all human beings and arduous path of stairs is for sages who want to be away from worldly affairs.” By now I was convinced that long tilak on Pandey Ji’s forehead was not for nothing.

As I was about to depart, Pandey Ji came to me “Sood Babu, why this hurry? Go after taking lunch” “Thank you very much Pandey Ji. Now when I have understood the importance of the LIFT to Heaven and Allahabad is so close, I will definitely take a dip in Sangam on the occasion of Ardh Kumbh.” As I was leaving, Pandey Ji triumphant face exhibited a justified big grin.
